

## List TUKAN

Plugin	Installation Package	Short description	Known issues / To do's:	Reported issues:
<b>Equalizers:</b>				
EQ1.1	EQ 1.1	Digital 4-Band EQ with additional HPF	No scaling, no menu, no automation support	
EQT-1A	EQT-1A	Famous Tube EQ Style	No scaling, no menu, no automation support	
<b>Dynamics</b>				
Compressor 2	Compressor 2	Clean digital compressor, with knee, sidechain and trick		
Dis-Treasure	Dis-Treasure	Famous 19" Rack compressor with many modes		
Dis-Treasure Compact	Dis-Treasure	as Dis-Treasure, but compact GUI		
LA-1A	LA-1A	Famous Opto-compressor		
NC76	NC76	Famous FET-compressor with extra punch		
NC76B	NC76	as NC76, but with lower internal threshold		
Limiter 2	Limiter 2	a limiter...	No scaling	
ExpGate 2	ExpGate 2	Expander / Gate, with HPF and anti-gate-trick	No scaling	
<b>Reverbs:</b>				
AC Trem	Tukan reverb bundle	Tremolo and spring reverb for guitars	No scaling	
Lexikan	Tukan reverb bundle	80s Style FDL Reverb	No scaling, „black blank area“	
Lexikan 2	Tukan reverb bundle	90s Style algorithm reverb	No scaling	
<b>Helpers:</b>				
Deesser	Compressor 2	classic deesser	„black blank area“	
DeNoiser	DeNoiser	spectral denoiser with extra features		
Sidechain Filter	Compressor 2	an EQ for sidechain signals to filter compressor detectors	No scaling	
Sphinx	Sphinx	(Denoser) Tool to filter out resonances and nasty sounds		
Tool	Tool	basic audio manipulation (Levels, Mid-Side, Phase...)		
Verb Ducker	Compressor 2	Compresses reverbs and delays when dry signal comes in	„black blank area“, ducking when in 3/4 not set	
<b>Delays:</b>				
DelayMachine	Delaymachine	A delay with extra features (Ping-Pong, Tape, Bitcrusher...)		
DelayMachine 2	Delaymachine2	Very advanced delay for complex delay structures		
<b>Saturation &amp; Misc:</b>				
Envelope Shaper	Envelope	Transient shaping and sustain/release shaping	No scaling, „black blank area“	
Guitar Amp	Guitar Stuff	Guitar amp simulation with many cabinet/mic combinations		No audio processing when loading project?
PreAmp	PreAmp	Saturation effect with shelving Eqs	No scaling, „black blank area“	
Tape Recorder	Tape	Tape-Machine with highs-loss, wow & flutter & more	No scaling	
Exciter+Sub	Exciter+Sub	Exciter for the highs, subharmonics for the lows	No scaling	
<b>Summing / Channel Strips:</b>				
SumChannel	SumChannel	Multi-mode channel strip with SumThing integration		
SumThing	SumThing	Analog mixer sound signature, projectwide switching		
SumThing SI	SumThing	SumThing, but in standalone mode (SI = Single Instance)		
<b>Modulation:</b>				
Modulation	Modulation	A basic chorus/flanger modulation		
Modulation 2	Modulation	Advanced modulation with many modes and options		
<b>Metering:</b>				
C-Meter Send	Console Meter	Level sending plugin for Console Meter		
ConsoleMeter	Console Meter	A VU-Meterbridge for up to 24 channels		
Goniometer	Goniometer	A goniometer / phase meter	No scaling, no menu, no automation support	
MCP Meter	Meter	Simple VU meter for you mixer in MCP mode		
Peak Needle 2	Meter	VU meter style multimeter (Loudness, RMS, True Peak...)	No scaling, no menu, no automation support	
SNR Meter	Meter	Tool to check for you SNR before recording	No scaling, no menu, sometimes stuck :(
